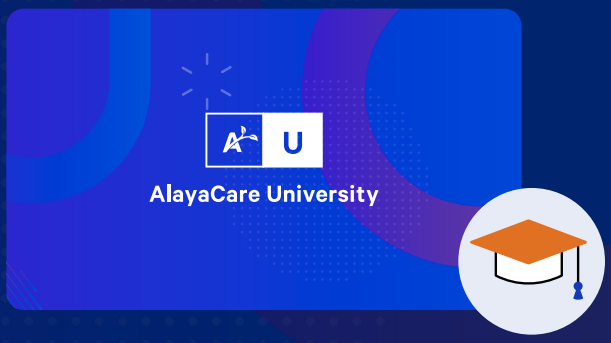
AlayaCare

ACU Certifications

AlayaCare's on demand certification tool

AlayaCare University offers expert-led and professionally created training modules for your employees to gain deeper knowledge of the AlayaCare platform. Your team has access to ACU Foundations, our free library of video modules sharing best practices and workflows for quick onboarding.



Take your team's training one step further with ACU Certifications. Upskill and certify your team's knowledge on the AlayaCare platform helping to streamline your staff's onboarding efforts with self-guided modules that will teach your team how to best utilize the system at their own pace and time. Monitor your team's engagement and performance through insightful KPIs to ensure they are properly certified to use AlayaCare in their day-to-day operations.

ACU Certifications is your one-stop hub to:

- Reduce new hire onboarding efforts
- Upskill employee's AlayaCare knowledge
- Certify your employees on AlayaCare
- Analyze employees' training engagement and performance
